CARE OUTSIDE OF PLAN SERVICE AREA Benefits provided through the BlueCard® Program are paid at the Participating level. Member's cost share will be either a copayment or coinsurance based on the lower of billed charges or the negotiated allowable amount for Participating providers as agreed upon with the local Blue's Plan.

Outside of US: BlueCard Worldwide	See Applicable Benefit	See Applicable Benefit

- 1 Unless otherwise specified, copayments/coinsurance are calculated based on allowable amounts. After the calendar year medical deductible is met, the member is responsible for copayments/coinsurance for covered services from participating providers. Participating providers agree to accept Blue Shield's allowable amount plus any applicable member copayment or coinsurance as full payment for covered services.
- 2 Non-participating providers can charge more than Blue Shield's allowable amounts. When members use non-participating providers, they must pay the applicable deductibles, copayments or coinsurance plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar year deductible or out-of-pocket maximum.
- 3 The maximum allowed charges for non-emergency surgery performed in a non-participating ambulatory surgery center or outpatient unit of a non-participating hospital is \$350 per day. Members are responsible for all charges in excess of \$350.
- 4 Bariatric surgery is covered when prior authorized by Blue Shield; however, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other participating provider and there is no coverage for bariatric services from non-participating providers. In addition, if prior authorized by Blue Shield, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the Plan Contract for further details.
- 5 The maximum allowed charges for non-emergency hospital services received from a non-participating hospital is \$600 per day. Members are responsible for all charges in excess of \$600.
- 6 For plans with a calendar year medical deductible amount, services with a day or visit limit accrue to the calendar year day or visit limit maximum regardless of whether the calendar year medical deductible has been met.
- 7 Services may require prior authorization. When services are prior authorized, members pay the participating provider amount.
- 8 Mental health and Substance use disorder services are accessed through Blue Shield's participating and non-participating providers.
- 9 Inpatient services for acute detoxification are covered under the medical benefit; see the Hospital Benefits (Facility Services) section of the Plan Contract for benefit details. Services for acute medical detoxification are accessed through Blue Shield using Blue Shield's participating providers or non-participating providers.
- 10 Services from non-participating providers for home health care and hospice services are not covered unless prior authorized. When these services are prior authorized, the member's copayment or coinsurance will be calculated at the participating provider level, based upon the agreed upon rate between Blue Shield and the agency.
- 11 Preventive Health Services, including an annual preventive care or well-baby care office visit, are not subject to the calendar year medical deductible. Other covered non-preventive services received during, or in connection with, the preventive care or well-baby care office visit are subject to the calendar year medical deductible and applicable member copayment/coinsurance.
- 12 Copayments/coinsurance marked with this footnote do not accrue to the calendar year out-of-pocket maximum. Copayments/coinsurance and charges for services not accruing to the member's calendar year out-of-pocket continue to be the member's responsibility after the calendar year out-of-pocket maximum is reached. This amount could be substantial. Please refer to the Plan Contract for exact terms and conditions of coverage.
- 13 When these services are rendered by a non-participating Radiologist, Anesthesiologist, Pathologist and/or Emergency Room Physician in a participating facility, the member pays the participating provider copayment.
- 14 The maximum allowed charges for non-emergency outpatient services received from a participating outpatient hospital are listed below.
 - Arthroscopy limited to \$4,500 per visit
 - Cataract Surgery limited to \$2,000 per visit
 - Colonoscopy limited to \$1,500 per visit
 - Upper GI Endoscopy with Biopsy limited to \$1,250 per visit
 - Upper GI Endoscopy limited to \$1,000 per visit

Members are responsible for the applicable deductibles, copayments or coinsurance, plus all charges in excess of these maximums.

Plan designs may be modified to ensure compliance with Federal requirements.
